

Shelf

STRING FURNITURE

The wooden shelves are available in two widths, 58 and 78 cm, along with two depths, 20 and 30 cm. The shelves fit into wire and plex panels from String® System if the shelves and panels have the same depth. The shelves are flexible and easy to move around to meet your preferences. Create a monochrome shelf or mix shelves in different colours and types of wood. Each packaging contains three shelves and brackets.

Product name
Shelf, W58 x D20, Dark grey, 3-pack

Launch year
2025

Lacquered MDF with gloss 30.

Max load
25 kg evenly spread across the shelf.

Assembly required
Yes

Country of origin
SE

Product weight
5.4 kg / 11.9 lb

Package weight
5.6 kg / 12.3 lb

Package dimension
W: 22 D: 64 H: 7 cm
W: 8.7 D: 25.2 H: 2.8 in

Dark grey
NCS 7502-G

outer: H: 2 cm / 0.8 in
inner:

inner:
outer: W: 58 cm / 22.8 in D: 20 cm / 7.9 in

Care and maintenance

Wipe the surface with a clean cloth made of non-abrasive material. Damp wipe with mild cleanser solution (pH-neutral 7-8). You can also make a cleanser of dishwashing liquid and lukewarm water. Make sure to put the cleanser on the cloth and not on the furniture surface, and do not leave the cleanser on the surface. Wipe the surface with the solution, then with pure water and finally with a dry cloth. Do not use ammonia or any hard cleansers since this can cause the veneer to come loose, or dissolve the lacquer. Veneer with a thin lacquer or stained layer surface is to be wiped in the direction of the fibre with a dry cloth. Use furniture care resources without silicone, since it complicates the possibilities for future repainting.

Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

Recyclability

The shelf brackets are molded from zinc containing 60% recycled material and are recyclable., MDF forms the core of most of our lacquered products and is recyclable.

Strength, durability & safety testing

EN 16121

About the designer

Nisse Strinning, designer of the String® System, was a Swedish architect born in 1917 in the northern part of Sweden. Nisse designed the first String® shelf in 1949 with great help of his wife, Kajsa Strinning. The couple met while studying at KTH. Everything came about when the Swedish publishing house, Bonniers, announced a competition where they were looking for the perfect shelf. High in functionality, modern looking and with fair pricing. String® was selected winner and has been considered a classic Swedish design icon for decades.
