Folding table

STRING FURNITURE

The folding table can be folded up and down with ease due to its flexible construction. The dimensions when folded up: w78 x d96 x h71 cm. When folded down the table melts into the shelf and then has the following dimensions: w78 x d30 x h71 cm. The folding table fits into 30 cm deep wire floor panels from String® System. The folding table is well suited for a smaller kitchen or other narrow spaces where a permanent table would be in the way. Maximize the usage and let the folding table act as your workspace during the day and dinner table at night.

Product name
Folding table, W78 x D30 x H71, Ash/White

inner:

inner:
outer: W: 78 cm / 30.7 in D: 30 cm / 11.8 in

Care and maintenance

Wipe the surface with a clean cloth made of non-abrasive material. Damp wipe with mild cleanser solution (pH-neutral 7-8). You can also make a cleanser of dishwashing liquid and lukewarm water. Make sure to put the cleanser on the cloth and not on the furniture surface, and do not leave the cleanser on the surface. Wipe the surface with the solution, then with pure water and finally with a dry cloth. Do not use ammonia or any hard cleansers since this can cause the veneer to come loose, or dissolve the lacquer. Veneer with a thin lacquer or stained layer surface is to be wiped in the direction of the fibre with a dry cloth. Use furniture care resources without silicone, since it complicates the possibilities for future repainting.
Wipe the surface with a cloth. Damp wipe with detergent solution. Then rub dry with a cloth. Remove stains with detergents that do not contain abrasives. Never use steel wool.

Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

Recyclability

The shelf brackets are molded from zinc containing 60% recycled material and are recyclable., The particleboard used in this product is made from 100% recycled material and forms the core of most of our veneered products. The material is recyclable.
