

STRING
FURNITURE

Floor panel

The floor panels are available in three heights, one depth, 30 cm. The panels are the base when the panels are decided you can start adding parts of the String® System. Choose among shelves, cabinet, etc. more. The foot of the floor panel rests against the wall, stable while appearing light and airy. Make yours unique by adding organizers, knife holder or anything else placed on the panel's threads. The panels come with one floor panel or two floor panels.

About the designer

Nisse Strinning, designer of the String Furniture System, is a Swedish architect born in 1914 in Sweden. Nisse designed the String Furniture System with the great help of his wife, Kaj. They met while studying at KTH. Everything came about when the publishing house, Bonnier, announced a competition they were looking for the perfect shelf. High modern looking and with fair pricing. String® won the competition and has been considered a classic Swedish icon for decades.

System. Further shelving. The
