

String® Pocket

**STRING
FURNITURE**

String® Pocket is sold as a complete wall shelf, but is just as flexible as String® System and opens up for creativity and personal expression. String Pocket in oak and white is an elegant and compact shelf that combines a light wood feel with a clean and modern look. Its neat size makes the shelf perfect for smaller spaces. It works just as well in the hallway as by the bed to store your pocket books, above a work desk or in the kitchen with a bit of styling.

With measurements of 60 cm in width, 15 cm in depth and 50 cm in height, the shelf creates storage without taking over rooms. The oak veneer adds natural warmth, while the white-lacquered Panels give a fresh and refined impression. The result is a timeless wall shelf that suits many homes and styles.

String Pocket in oak and white works perfectly as a small bookcase, bedside table, wall shelf or side shelf. The light colour palette makes it easy to place the shelf in different rooms. It blends into Scandinavian, modern and more playful settings alike.

outer: W: 60 cm / 23.6 in D: 15 cm / 5.9 in

Care and maintenance

Wipe the surface with a clean cloth made of non-abrasive material. Damp wipe with mild cleanser solution (pH-neutral 7-8). You can also make a cleanser of dishwashing liquid and lukewarm water. Make sure to put the cleanser on the cloth and not on the furniture surface, and do not leave the cleanser on the surface. Wipe the surface with the solution, then with pure water and finally with a dry cloth. Do not use ammonia or any hard cleansers since this can cause the veneer to come loose, or dissolve the lacquer. Veneer with a thin lacquer or stained layer surface is to be wiped in the direction of the fibre with a dry cloth. Use furniture care resources without silicone, since it complicates the possibilities for future repainting. Wipe the surface with a cloth. Damp wipe with detergent solution. Then rub dry with a cloth. Remove stains with detergents that do not contain abrasives. Never use steel wool.

Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

Recyclability

The shelf brackets are molded from zinc containing 60% recycled material and are recyclable. The steel used in this product is made from 100% recycled material and is recyclable. MDF forms the core of most of our lacquered products and is recyclable.

Strength, durability & safety testing

EN 16121

About the designer

Nisse Strinning, designer of the String® System, was a Swedish architect born in 1917 in the northern part of Sweden. Nisse designed the first String® shelf in 1949 with great help of his wife, Kajsa Strinning. The couple met while studying at KTH. Everything came about when the Swedish publishing house, Bonniers, announced a competition where they were looking for the perfect shelf. High in functionality, modern looking and with fair pricing. String® was selected winner and has been considered a classic Swedish design icon for decades.
