

# Upright galvanized

STRING FURNITURE

The upright is part of the free standing outdoor shelf and is made of galvanized steel. The uprights diameter is 2 cm, and the height is 87 cm, where the foot is adjustable. A complete section of the free standing shelf consists of one back panel, two uprights and two galvanized floor panels with height 85 cm and depth 30 cm. To build additional sections, you need one upright along with one panel for each section. We recommend at least one back panel, preferably placed in the middle, for a free standing shelf consisting of three sections.

**Product name**
Upright galvanized, Galvanized

**Launch year**
2021

**Assortment**
String® System

**Material**
Galvanized steel

**Assembly required**
Yes

**Country of origin**
SE

**Product weight**
0.5 kg / 1.1 lb

**Package weight**
0.8 kg / 1.8 lb

**Package dimension**
W: 3.5 D: 87.5 H: 4 cm
W: 1.4 D: 34.4 H: 1.6 in

Galvanized

outer: H: 87 cm / 34.3 in

## Care and maintenance

Our panels are hot dip galvanized, a surface treatment designed to give the panels the power to withstand moisture and the ability to self-heal from minor damages. Hot dip galvanizing also protects the panels from corrosion and requires no maintenance apart from regular cleaning. The method gives the surface a variation in colour, the grey tone of the panels might differ marginally due to this technique. With time any variation will even itself out. Wipe off any dirt with a damp cloth if necessary.

## Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

## Spare parts

To purchase spare parts for your String Furniture product, please contact our customer service team at info@stringfurniture.com

## About the designer

Architect and designer Anna von Schewen is considered one of Swedens most progressive and experimental designers. She has together with her partner Björn Dahlström designed several products for String Furniture. Björn Dahlström is also a well-established Swedish industrial designer. He is represented in various museums around the world, including the national Museum for Art, Architecture and Design in Oslo, The Museum of Design & Craft (The Röhsska Museum) in Gothenburg and Victoria & Albert Museum in London.
