

Display cabinet with sliding glass door

STRING FURNITURE

Vitrinskåp finns i en bredd, 78 cm, och ett djup, 30 cm. Skåpen passar med samtliga tråd- och plexgavlar från String® System förutsatt att gavlarna har 30 cm djup. Det är fint att bryta av din hylla med vitrinskåp som dessutom ger dig extra förvaring eller en perfekt plats att visa upp något ömtåligt. Skåpet består av ett innerhyllplan tillverkat i glas som kan placeras på valfri höjd. Vitrinskåpet mäter invändigt: djup 26 cm, bredd 74 cm och höjd 38 cm. Vitrinskåp levereras omonterat.

outer: H: 42 cm / 16.5 in
inner:

inner:
outer: W: 78 cm / 30.7 in D: 30 cm / 11.8 in

Care and maintenance

Wipe the surface with a clean cloth made of non-abrasive material. Damp wipe with mild cleanser solution (pH-neutral 7-8). You can also make a cleanser of dishwashing liquid and lukewarm water. Make sure to put the cleanser on the cloth and not on the furniture surface, and do not leave the cleanser on the surface. Wipe the surface with the solution, then with pure water and finally with a dry cloth. Do not use ammonia or any hard cleansers since this can cause the veneer to come loose, or dissolve the lacquer. Veneer with a thin lacquer or stained layer surface is to be wiped in the direction of the fibre with a dry cloth. Use furniture care resources without silicone, since it complicates the possibilities for future repainting.
Clean the surface with a damp cloth, or with a cleanser suited for glass surfaces. Wipe dry with a dry cloth. Avoid sharp objects on the surface, since it can get scratched.

Warranty

String Furniture warrants that this product is free from defects in materials and workmanship for a period of two (2) years from the date of purchase. Please contact us for more information about our warranties.

Recyclability

The shelf brackets are molded from zinc containing 60% recycled material and are recyclable., The particleboard used in this product is made from 100% recycled material and forms the core of most of our veneered products. The material is recyclable.

Strength, durability & safety testing

EN 16121

About the designer

Nisse Strinning, designer of the String® System, was a Swedish architect born in 1917 in the northern part of Sweden. Nisse designed the first String® shelf in 1949 with great help of his wife, Kajsa Strinning. The couple met while studying at KTH. Everything came about when the Swedish publishing house, Bonniers, announced a competition where they were looking for the perfect shelf. High in functionality, modern looking and with fair pricing. String® was selected winner and has been considered a classic Swedish design icon for decades.
